HARRIS COLEMAN
IS HIGHLY HONORED
Stanford Boy Elected Captain of
University of Virginia Foot-
ball Team For 1915

News was received from Charlottesville, Va., that Harris Coleman, son of Mr. and Mrs. C. R. Coleman, of Stanford, has attained the very highest honor possible in athletics and school life at that big institution of learning. He has been elected Captain of the 1915 football team. Next year is young Coleman's last at the university, and it is gratifying to his many friends "back home" to know that he stands as high in his studies as he does in athletic events, which is "going some." Coleman has played on the football team two years, and has made a great reputation. The I. J. printed last week, an extract from a paper which told of his fine work in several games. The following from a Richmond, Va., paper tells of his work in the big Virginia-North Carolina game which is the big event of the year; and goes to show that his winning of the Captaincy of his team is entirely deserved:

In dispensing the laurels leaves, one is forced to remember three members of the Virginia teams above all the rest—Captain Mayer, "Bobby" Gooch and Coleman, the sturdy guard.

In addition to his splendid work in advancing the ball, he played a brilliant game on the defensive. His tackling was almost faultless. The way he caught Winston by the arms and brought him to earth, following the Carolinians' long end run in second period, was worth the price of admission to the game.

Coleman was easily the best lineman on the field. His work was brilliant. He played more like an end than a guard. His tackling in the open was hard to improve upon. The Carolina players simply could not handle him. No man on the Virginia team got as many knocks as the modest Kentuckian. His intererring was all that could be desired. Frequently he went around and pulled down the runner from behind—always tackling, though at times goggy.

PETER CARTER IS STRICKEN

Prominent and Respected Citizen Is
Very Ill With Heart Trouble

Peter Carter, one of the most respected farmers and citizens of this county is very ill with heart trouble at his home about five miles west of Stanford. Mr. Carter is 75 years of age and on account of this, his friends are very uneasy. He was first stricken last Tuesday week and has been confined to his home since and to his bed most of the time. Mr. Carter has always been a very vigorous and healthy man, and on the occasion of the celebration of their Golden Wedding anniversary a short time ago, his good health was commented on by the many friends and loved ones present.

Three Candidates For Judge?

Interesting developments are looked for in the races in the Thirteenth judicial district, already a white heat, as it is said that Judge Sam Owlesley of Stanford, former Commonwealth's Attorney, will very likely enter the race for the Democratic nomination for Prosecutor, making it a three-handed affair, the others being Judge E. V. Puryear, of Danville, the incumbent Prosecutor and Rodman W. Keenon, of Harrodsburg. There is also some talk that there may be a third aspirant for Circuit Judge, the contest for the party nomination for which is so far made up with Judge Charles A. Hardin, of Harrodsburg, the present occupant of the bench, and Judge C. C. Fox, of Danville, as the contenders.—Louisville Times.

Mr. Woods is State Director of the Kentucky Good Roads Association, and is thoroughly in touch with the Boone Way movement. He has been in touch through correspondence and otherwise with James Maret, of Mt. Vernon, who has done more than any other 100 men to make the Boone Way movement a live issue. Mr. Maret is expected to be here, too, as will also R. L. Collier, and others who are pushing things at the Crab Orchard end of the line. Mr. Collier will introduce Mr. Woods while Judge James P. Bailey has been asked to preside over the meeting, and will doubtless do so as he is an enthusiastic good roads advocate. Everyone is invited to be present, and an interesting and enthusiastic meeting is assured.

The Great War—is It Armageddon

What is the meaning of this cataclysm of the nations? Is it the wreck of civilization? Is it the long-expected Armageddon of Biblical prophecy? Yesterday, so to speak, the world was a neighborhood; today it is a slaughter-house, a cemetery. Today there is turmoil and famine, hatred, ruin, and a mutual desire to kill. Does it mean nothing to this race but the changing of a few rulers, and the making of new boundary lines?

Over twenty-five hundred years ago the prophet Daniel told of a time that would come when the call to war would ring out to the nations, and that they would respond to the cry as we see today when more men are under arms than at any one time in the world's history, notwithstanding all the efforts of the peace societies and the cry of peace and safety that certain religious teachers have been setting forth for a number of years. They have wailed wars to cease, and have declared that they would cease, God has recorded their declarations; and then they have declared that God's record of their declaration in this matter was God's own declaration to the human race of what he proposed to be. This declaration from Isaiah they have thus interpreted: "And He (God) shall judge among the nations, and shall rebuke many people, and they shall beat their swords into plowshares and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war any more."

Isaiah 2:4

It is essential that we know who is saying this. The verse immediately preceding the one quoted reads: "And many people shall go up to the mountain of the Lord, to the mountain of God of Jacob; and He will teach us his ways, and we will walk in His paths; for out of Zion go forth the law, and the word of the Lord from Jerusalem." Who says it?—Many people. And who are saying it now. The second verse of this same chapter tells us that it shall come to pass in the last days, etc.

If we had no other proof that we are living in the last days, present day facts fulfilling that prophecy would be proof enough. That scripture fulfills our times and our times fulfill that scripture. There shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea, and the waves, roaring; men's hearts failing them for fear, and for looking after those things that are coming on the earth; for the powers of heaven shall be shaken, and then shall they see the Son of Man coming in a cloud with power and great glory. Luke 21:25-27.

These texts denote the driving of the Turk out of Europe, and until he comes to his final end as told us by John, the Revelator in Revelation 16:12-16, under the sixth plague, (as that is the only time we have given us in regard to the drying up of the great river, Euphrates or the Turkish Empire) no one knows just how long a time will elapse from the time of the Turk leaving Europe and the final great battle of Armageddon, but we

know it will not be long for we know that no battle will be fought after that for there will be no one left to fight again, for under the sixth plague when all the nations are gathered at Armageddon the great prince which standeth for the children of thy people; and there shall be a great time of trouble, such as never was since there was a nation even to that same time, etc." Daniel 11:14 to Daniel 12:2.

We have seen the signs in the sun, moon and the stars. We are seeing the distress of nations and their perplexity; and men's hearts today are trembling with fear because of what they see and hear. It is time of distress and perplexity and fear and terror, and it leads right into the coming of the Son of God. We have another divine word in reference to these conditions: "For yourselves know that a thief cometh as a thief in the night. For when they shall hear of the voice of the Son of Man coming in the clouds, then shall they say, Peace and safety; then sudden destruction cometh upon them and they shall not escape. 1 Thessalonians 5: 2-3.

They have been saying, "Peace and safety," in all parts of the world in the last few years. They have held peace congresses, and have dedicated a magnificent palace to that idea. Every nation has armed itself to guarantee peace; and then a storm of destruction was turned loose upon the world. Millions of men sprang to arms—and the guns were ready. Men forgot that they were armed to guarantee peace; and they began to fight one another like wild beasts, and to die.

CHRISTMAS SAVINGS CHECKS

Are Being Sent Out To Club Members By Lincoln Bank

Over 400 people are being made happy this week by the receipt of checks from the Lincoln County National Bank of their part of the Christmas Savings Club money, which has been accumulating all year. Assistant Cashier Welch Rochester has been busy for the past two or three days making out and signing the beautiful checks which will go to every one who had the thirst to set aside the small amount necessary each week to become one of the club members. The checks range in value all the way from \$12.50 to \$63.75 according to the class which the individual may have joined and according to the amount paid in weekly.

The checks coming right at the time when every person is wondering where he will be able to get enough money to buy all of the Christmas presents he wishes to give will be a boon to the Christmas shoppers. The issuing of these checks will mean not only crowded stores and happy Christmas awakenings but also that many persons who never before could start a saving fund will now deposit their checks in their bank so as to have something towards a rainy day. Glad to cash any of these checks.

Next year's club opens Monday, December 21, at which time new members will be permitted to join. This club has taught many people to save small amounts who, without its aid, were accustomed to look forward to Christmas with apprehension that they would be unable to purchase presents for all the friends they wished to remember. It has also aided many in buying "that home" which for many years had been looked at with envy.

Many memberships are kept up by husbands for their wives as a present and by many wives to present to their husbands.

LATEST WAR NEWS

The British naval victory in the South Atlantic is being discussed in England almost to the exclusion of all other phases of the war news. The last word regarding the naval engagement was that the British squadron, after sinking the German cruisers Scharnhorst, Gneisenau and Leipzig, with the loss of nearly 2,000 men, was pursuing the Dresden and Nurnberg, the other two vessels present when the action opened. The Nurnberg was also sunk and the search for the Dresden is continuing.

The British squadron was under command of Vice Admiral Sir Frederick Sturdee, of the war staff, and it engaged a German squadron under Admiral Count Von Spee, off the Falkland Islands in the South Atlantic.

The armored cruiser Scharnhorst and Gneisenau and the protected cruiser Leipzig, three of the German warships which had been menacing British shipping and part of the squadron which sank the British cruisers Good Hope and Monmouth in the Pacific on November 1, were destroyed, while the cruisers Dresden and Nurnberg, the two other vessels which composed the German squadron, made off during the fight. Two colliers were captured.

The official statement makes reference to some survivors rescued from the Gneisenau and the Leipzig, but no mention is made of any of the crew of the Scharnhorst, which was the flag-ship of the German Admiral, being saved, and it is thus presumed that Count Von Spee, his officers and men went down fighting.

Chief Deputy Letcher Saunders, of the Internal Revenue office at Danville, was admitted to the bar last week.

GIVE A BOOK TO PUBLIC LIBRARY

Woman's Club Asks Everyone To Make the Library a Christmas Present of a Volume

Splendid reports were heard at the meeting of the Woman's Club on Wednesday, this week, of the results of the first few weeks of the free public library, which was opened under the auspices of the Club. With the library open but once a week, and that Saturday afternoons, the librarian, Miss Martie Paxton, is kept constantly busy recording books taken out by a stream of visitors. Men, women and children are among the patrons of the library and it has been pronounced by a number of leading citizens as the best thing for Stanford that has been inaugurated in a long while.

The members of the Woman's Club are justly proud of its success, and are anxious to have it continue. They find that there are calls for a great many books, which are not in the library, and are desirous of renewing this as quickly as possible.

A plan was suggested by the president at this week's meeting that every citizen of Stanford make a Christmas present to the library of one volume. This suggestion met with the hearty approval of the members

Irvin S. Cobb, the ex-Kentuckian, is making a world-wide name for himself as newspaper correspondent in the European war. His articles in the Saturday Evening Post are

very fine, and give an insight into the conditions of modern warfare that is very illuminating and interesting. Cobb says that, after their wonderful efficiency, the three things which the Germans common soldier most sought after, that most impressed him were beer, cheap cigars and picture postcards. He said that one could always tell where the German soldiers had been by the empty beer bottles scattered along the roadside.

Had No Desire To Live

—

Peruna Is A Tonic and Strength Builder So Says

Mrs. Frank Strode, R. F. D. 1, Appleton, Wis. Her letter reads:

"I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck. Could not sleep, eat or rest properly, and had no desire to live."

"Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever had been before. I had a splendid color and never weighed more in my life."

"I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement."

Mr. Charles Brown, R. R. 4, Box 78, Rogersville, Tenn., writes: "I have tried many remedies, but have found that Peruna is the greatest tonic and strength builder."

Here Is Good News for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by
